Re: Anthony Chambers

To Whom It May Concern:

Anthony Chambers has done more than just give back to the community he loves. His dedication to the young lives going through his program establishes values that make for a strong character. The personal discipline learned in the High Desert Academy of Applied Arts & Sciences curriculum will help these young people succeed in life. In Anthony Chambers' dedication to education, he has established the pathways that are essential for the development of our community at-risk youth population. Having chaired the Student Attendance Review Board (SARB), he knows first-hand what turning your back on that important time could do to a young person's life.

I have served on the Victorville City Council for 22 years, twice as Mayor. I have known Anthony Chambers for almost 20 years now and his dedication to the youth in our community shines like a beacon in a troubled world. I'm a recently retired high school teacher and I can say with a clear vision that Anthony is an extraordinary teacher whom his students have learned to respect and emulate.

Sincerely,

  
Councilmember
